

MARTIN HUXFORD

METRO CHANDELIER

The Metro Chandelier is an innovative lighting piece for stairwell, atrium and room situations. With its many branching arms and base hovering just above the floor, the effect is dramatic wherever it is placed. The Metro Chandelier is made to bespoke lengths to suit the client situation. It can be extended to virtually any height, whilst the slim dimensions make it especially suited where space is limited such as narrow stairwells.

Shown in Antique brass with black cotton shades.
