## MIAMI WALL LIGHT

An homage to the classic curves and sleek outlines of South Beach Miami, this innovative design conjures an abstract, cubist take on iconic art deco architecture. Five offset curved panels are placed at different heights, in an asymmetric design to create a rich cubist landscape of multiple angles, contours and textures.

Shown in black and russet brown with satin brass trim.

### Dimensions

Height 64cm 25"

Width 24cm 9.5"

Depth 17cm 7"
