## BIBENDUM CHANDELIER

The iconic Bibendum figure inspired this elegant chandelier of multiple, curved shades. The vertical profile creates an elegant pattern of tightly packed, harmoniously repeated curves, held between the contrasting square profile circular frames of gold, or nickel. Fabricated with Sussex metal working skills, from square section tube, welded and hand finished in a matt or mirror polish. The chandelier is suspended by adjustable wires from a circular gold or nickel ceiling rose.

Shown in satin brass with charcoal cotton shades.

### Dimensions

9 shade	12 shade	18 shade	27 shade
Height 21cm 8"
