

MARTIN HUXFORD

BRUTALE TABLE LAMP

The Brutale Table lamp is all about the finish - In sparkling nickel or polished brass, it makes a glamorous statement sculpture for the eclectic interior or a maximalist chrome or gold theme. In dark bronze it is a refined Brutalist sculpture which harks back to the new modernist feel of Mid-century architecture and the natural materials of art ceramics, wool and teak. The lamp consists of hand cast brass parts and a cotton, linen or customer's own fabric shade.

Shown in polished brass with black cotton shade.

Dimensions

Height 60cm 23.5"
