TALLIS WALL LIGHT

The Tallis wall scone is tall, modern and elegant with its innovative combination of natural beauty and minimalism. The design highlights the contrast between the architecturally crisp linear frame of solid bronze, with the curved, translucent central section of illuminated alabaster. Adding natural beauty to an interior, the delicately veined alabaster has been carefully worked into a long central convex curve, and is an artful contrast of form and texture with the architectural rigour of the linear bronze frame.

Shown in bronze.
