VORTEX DOUBLE WALL LIGHT

The Vortex Double Wall Light creates a grand, contemporary graphic shape. The twin asymmetric arms curve out from the wall to direct the light source downwards, providing ambient pools of light. The Vortex Double wall light is a perfect accent light, the geometric curves and suspended shades creating a visual rhythm, whether arranged either side of a fireplace or bed, or in a series along a hallway. Available as a handed pair.

Shown in antique brass with black cotton shades.
